

From the creators of MCON:

# MetaPod DAO Sponsorship Program

## What is MetaPod?

[Program Docs](#)

MetaPod is a hybrid accelerator program, started by the creators of MCON, to onboard and accelerate new DAOs, communities, projects & contributors into the Ethereum ecosystem.

Leveraging IRL local meetups, the MetaPod program educates and onboards Web2 projects & communities into the world of Web3 & DAOs, while simultaneously incubating new Web3 startups and ideas. Promising teams will be shortlisted for the 6-week MetaPod Accelerator Program, where they will start, run and grow their DAOs/communities. Throughout the 6 weeks, they will receive advisory, coaching, and connections to grant providers, service guilds, investor DAOs and more.

## MetaPod Launch Event

(February 16th, 2022 @ ETHDenver)

The MetaPod Launch Event will be the first IRL experience to kickoff the MetaPod Accelerator Program. The first event is a pitch competition for DAOs & community-focused products. It will take place during Ethereum Denver on the 16th of February.

## Use of Funds

The primary use of capital raised from sponsorships will be directed towards the MetaPod Launch Event and kickstarting the MetaPod Accelerator Program. The pitch competition winners will each be awarded up to \$10,000 in grant prizes, and the remainder of the funds will be used for sustaining event and program operations as MetaPod scales.
